Hi, My name is Unni and currently a Technical Product Manager in Natwest Group. I am passionate about developing tools and products to boost engineering experience. I have experience in delivering microservices using the twelve-factor app methodology, designing event-driven architecture and implementing infrastructure solutions and services, experienced in leading an engineering team to achieve concrete goals on a strict deadline.

## EXPERIENCE

Technical Product Manager, Enterprise Engineering - Natwest Group, Edinburgh  
since May 2021

[ { "item": "• Managing Goal based pipeline and Application Authorisation Management Product team." }, { "item": "• Automated the process of onboarding users to CI/CD tools and technologies which reduced lead time from 48 hours to 5 mins." }, { "item": "• Delivered Spring Boot Java microservices in event-driven architecture and have deep understanding of the system design." }, { "item": "• Actively involved in decision making of system design and architecture improvements by collaborating closely with customers/SMEs." }, { "item": "• Application Authorisation Management to allow functions/services to communicate effectively with each other." }, { "item": "• Mentored junior engineers and continuously building best practices within the bank." } ]
